THE CREATIVE DIMENSION TRUST

WORKSHOP PROGRAMME 2020

The Creative Dimension Trust (TCDT) offers fine craft skills courses to 14-18 year olds with exceptional talent and potential. The courses are taught by craft specialists who are acknowledged leaders in their professions.

The courses are designed to give young people the skills and confidence to pursue a career in which core hand skills - i.e. a high degree of manual dexterity, draughtsmanship and the ability to understand and (re)construct 3-Dimensional structures - are prerequisite. In addition to careers in creative and cultural industries, also included are professions such as architecture, engineering and surgery.

The goal is to learn, experiment, gain confidence, take inspiration from the best, and have exposure to career opportunities.

Students are encouraged to include Creative Dimension work in their portfolios when applying for courses, degrees, and work.

Courses are free of charge to all successful applicants and at least **80% of participants** are selected from schools located in areas of social/economic deprivation or geographic isolation.

The Creative Dimension Trust is now in its fifth year, growing from five summer workshops in London in 2016 to over twenty-five spring, summer and autumn workshops nationwide in 2020.

TCDT is governed by a Board of Trustees and staffed by a CEO, administrator and social media/photography officer.

TCDT attained Charitable Incorporated Organisation (CIO) status in April 2016.

WORK EXPERIENCE

The Creative Dimension Trust is committed to helping students progress after completing Workshops.

We want to help with your questions on courses and careers. The work you create during Workshops can be used to support your applications.

Based on the success of our 2017 pilot, TCDT has greatly expanded the work experience programme.

Last year, we arranged work experience for 17 students in fields including architecture, costume making, marbling, painting conservation, and puppet making.

Work experience placement is dependent on student achievement and sponsor availability.

PLEASE SEE THE CURRENT WORK EXPERIENCE OPPORTUNITIES HERE -
